SALLY D. GELARDIN

---

To whom it may concern,

It gives me great pleasure to write this reference for Mona Engvig. Dr. Engvig assisted me in transferring my career course online for Saybrook Graduate School. This was the first course that I have created in an online format and Dr. Engvig's friendly, courteous support was much appreciated.

As a Mac user, I had a challenge uploading the information to the Blackboard platform. Dr. Engvig cheerfully encouraged me to persist. Together we produced an outstanding course, much appreciated by the Saybrook administration.

I highly recommend Dr. Engvig for technical assistance to faculty for online development of curriculum.

Sincerely,

Dr. Sally D. Gelardin
